PROPERTY DESCRIPTION

Nestled in the hills of Mt. Helix this fixer is sure to please! It is situated on an amazing lot with room to play or relax, not to mention the true panoramic view this home boasts! Though some TLC is needed to coax the luster out, this fixer offers an open floor plan with original hardwood flooring throughout! Additionally, find the living room adorned with picture windows, allowing an unobstructed view. Find the same in the dining area, plus a plenitude of cabinetry! Make your way over to the light & bright kitchen and find breakfast-bar seating, patio access, & more!

The garage was converted to a Granny flat with large closet, separate entrance, & its own bathroom. Further, there is another room that was prep & pre-plumbed to add a kitchen to the Granny flat. It currently could be used as an office (no closet).

Prepare to say, "Wow" as you step out to the private backyard and be met with the most spectacular panoramic view, day or night! This home is perfect for those who love a great view, a beautiful & colorful sunset, like an open layout, and are excited to put a little work into the home! Plus, it's located in a great location, with quality schools, and is close to all!
